Bincy P Andrews

U 5, 52-54 Wotton Street
Townsville, QLD, 4814
M: 0481039997
E: bincymargret@gmail.com

Professional Objective

To work in a competitive and demanding position for a reputable organization that provides excellent environment and oppurtunities for growth.

Qualifications

- 2015 -Post gradute Diploma in Banking and Finance – Manipal University
- 2014 -Master of Technology in Network Engineering – Mahathma Gandhi University
- 2011 -Bachelor of Technology in Computer Science – University of Calicut

Technical Skills & Computer Skills

- Operating System: Windows, Ubuntu, Cent Os
- Programming Languages: C, JAVA, HTML, CSS, JavaScript, Bootstrap, Angular, PHP, Python.

Details of Research Oriented Projects

- **Genetical Disease Analysis System using cost effective Hadoop cluster**

This project utilises Hadoop map reduce for analysing genetical information of multiple persons in parallel using a bioinformatics tool called fasta36. It also utilises hive for final processing there by detecting affected disease. Moreover cluster formed using Cent OS is viable solution for organisations demanding cost effectiveness.

- **Paralyzing bioinformatics applications using cost effective Hadoop cluster**

This project aims at paralysing one of the bioinformatics tool called fasta36.

Details of Projects

- **Restaurant Website**
  Yummy restaurant website baked with html,css and goodness of bootstrap with javascript toppings. Follow the link for a delicious experience
  Link : https://bincy90.github.io/Restaurant.github.io/

- **Company Website**
